Sub: Adjustment of Futures and Options contracts in the security Karnataka Bank Limited (KTKBANK)

In pursuance of Byelaws of NSCCL pertaining to Clearing and Settlement of deals, SEBI circular reference SMDRP/DC/CIR-8/01 dated June 21, 2001, Circular no. 1941/2016 (Download no. NSE/CMPT/32219) dated April 15, 2016 and Circular no. 90/2016 (Download no. NSE/FAOP/33420) dated October 17, 2016 members are hereby informed the procedure for adjustment of Futures and Options contracts in the underlying security Karnataka Bank Limited (KTKBANK), on account of Rights Issue.

The methodology for computation of 'adjustment factor' for the corporate action shall be as given by Circular no. 90/2016 (Download no. NSE/FAOP/33420) dated October 17, 2016. The following action would be taken by NSCCL in this regard.

1 Action by the Clearing Corporation in respect of Futures Contracts:

All open positions in Futures contracts with the underlying security as KTKBANK existing after End of day on October 21, 2016 will be adjusted as under:

Positions: The adjusted positions shall be arrived at by multiplying number of contracts in the pre adjusted position by the adjusted market lot. The adjusted market lot shall be as per the Circular no. 90/2016 (Download no. NSE/FAOP/33420) dated October 17, 2016.

Futures Price: The adjusted futures price would be based on the settlement price of the relevant futures contracts on October 21, 2016. Adjusted futures price shall be settlement price of relevant futures contracts on October 21, 2016 multiplied by 'adjustment factor'.

Adjusted value: In order to avoid difference arising due to rounding off of adjusted settlement price, the carry forward/adjusted value shall be computed by multiplying pre adjusted futures long/short quantity with pre adjusted settlement price. Accordingly, all positions in futures contracts with the underlying security as KTKBANK would be marked-to-market on October 21, 2016 based on the daily settlement price of the respective futures contract. Further, the adjusted positions would be carried forward at the adjusted value.

From October 21, 2016, daily mark to market settlement of futures contracts with the underlying security as KTKBANK would continue as per normal procedures.

2 Action by Clearing Corporation in respect of Options Contracts:

All open positions in Options contracts with the underlying security as KTKBANK, as existing on October 21, 2016 shall be adjusted as under:

The adjusted positions shall be arrived at by multiplying number of contracts in the pre adjusted position by the adjusted market lot. The adjusted market lot shall be as per the Circular no. 90/2016 (Download no. NSE/FAOP/33420) dated October 21, 2016.

3. Members are advised to note the following in respect of Futures and Options contracts on underlying security KTKBANK.

Position details of Futures and Options contracts with the underlying security as KTKBANK would be provided in PS_03 / 04 files for trade date October 21, 2016, would indicate final positions in the relevant contracts (without adjustment) on October 21, 2016.

The following two additional files will be provided, at the end of the day on October 21, 2016:

KTKBANK _<Member Code>_EXISTING_POSITIONS.CSV

KTKBANK _<Member Code>_ADJUSTED_POSITIONS.CSV

The details of these files are provided as Annexure I.
