Department : MEMBER SERVICE DEPARTMENT

Download Ref No: NSE/MSD/41772

Date : August 01, 2019

Circular Ref. No: 36/2019

All Members,

## NOTIS Application

This is in continuation to NSE circular no. NSE/MSD/40076 dated January 29, 2019 regarding NOTIS Application. Members are required to note that NOTIS API facility is LIVE for Capital Market and Equity Derivatives segments.

In view of the above, Members are requested to ensure readiness of their systems for using NOTIS API, as NOTIS EXE in Capital Market and Equity Derivatives segments shall be discontinued w.e.f. January 01, 2020.

## Important instructions:

- 1) Below are the recommended machine configurations for running NOTIS EXE applications in optimal way:

System Configuration	Total Trades less than 4 lakhs	Total Trades more 4 lakhs
No. of Cores	4 core minimum	8 core minimum
RAM	16 GB minimum	32 GB minimum
Disk Space	100GB free minimum	500GB free minimum
Operating System	Windows 7 or 8	Windows 7 or 8

- 2) It is strongly recommended to run only a single instance NOTIS EXE per segment on any given machine. Running more than one exe on a single desktop class machine may result in sub-optimal performance.
- 3) Additionally, for cases where members have a higher trade count i.e. more than 10 Lakh in individual segment, members are requested to migrate to NOTIS API as a solution in comparison to NOTIS EXE versions for better performance.

For and on behalf of  
National Stock Exchange of India Limited
