Interpretation of Financial Statements for Stock Analysis

An initiative under

Learning Initiatives for Financial Empowerment

ABOUT THE PROGRAM

Investment is both an art and a science too; if executed correctly after making a good fundamental subjective and objective assessment of the Company it leads to enormous wealth creation for investors in equity markets

This practical half day program will equip you to professionally review, analyse and interpret a Listed Company's Annual Report and performance during an on-going year and to read between the lines to assess if it is a suitable Investment for Wealth Creation going forward . Valuation Basics will be covered to enable a Value V/s Price Debate

COURSE CONTENT

- Company Review chiefly through Interpretation of Financial Statements for Stock Analysis
- Valuation Basics ~Relative, Absolute & Contemporary
- Value V/s Price Assessment

■ SOME LEARNING OUTCOMES

- Global and Domestic Economic perspective
- Market Dynamics ~ Impact of FPI Flows, Sensitive Indices, Macro & Micro News Flows & Developments
- Interpretation of Company's Financial Statements
- Ability to interpret Key Accounting and Investment Ratios
- Understanding the key concept of Asset Allocation for sustained Wealth Creation
- Forecasting Stock Trends based on the Valuation vs Share Price Argument

■ FEE, DATE AND TIME

- Fee: INR 2500 /- (inclusive of service tax)
- Date: Saturday, 08th August, 2015
- Time: 2.00 PM to 6.30 PM

■ FACULTY PROFILE

Here are two recent accolades for **GAURAV A PARIKH**

1. May 2015 ~ **Rated One of The Top 10 Experts on Economics & Investing in India by an Independent US Observer**
2. January 2015 ~ **Featured by OUTLOOK BUSINESS as one of India's Top Ten Stock Pickers in its special edition**

GAURAV A PARIKH is the **Co-Founder & Managing Director** of Leading Mumbai based Equity Advisory & Training Entity Jeena Scriptech Alpha Advisors Pvt Ltd. He is a Fundamental Force to reckon with in Advisory, Consultancy and Training in the Field of Capital Markets.

He is equally well known for his uncanny ability to correctly call micro and macro turnarounds and keep spotting great life changing magical Multibaggers like Wipro, Mercator and Matrix Labs and the recent ones like NBCC, SQSBFSI (Think soft Global), Westlife Development and Tata Elxsi and his exceptional long calls in 2005-06 on Oil and Gold as he is for his timely warning and contrarian sell calls on Stocks that Strangle like Karuturi, Kingfisher Airlines and recently Arshiya

It is for this and more he is regarded by many as India's leading Investment Counselor and Trainer. His Passion for Equities, incisive analytical skills, sense of humor, top oratory skills and his remarkable ability to demystify macro and micros has seen him being voted as the best speaker at many forums in India and overseas. He is the ideal 'Go to' Man for both the Basics of Financial Literacy & Inclusion as well as Advanced Strategies for Serious Wealth Creation

A prolific blogger on matters even other than on Equity, Gaurav has developed a fan base for his www.gauravblog.com where he expresses on matters even other than on Financial & Capital Markets. He has appeared on ET Now and other stock channels and has been quoted in leading business publications like Outlook Business and Economic Times.
